

## SELF DUMPING TILT HOPPER

2630 W Broadway Road Phoenix, AZ 85041

Toll Free: 800-552-2648

Local: 602-268-8708

Fax: 602-276-4552

Hambicki's Self-Dumping Tilt Hopper dumps when pressure is applied to front of the hopper and the locking mechanism is released. Hopper returns to an upright and locked position after it dumps when pressure is applied to the front of the hopper.

### Standard Specifications

- Constructed of Heavy-Duty 10 Gauge Steel and 3" Construction Grade Channels
- Full-Length Fork Tubes Provides Added Stability During Transportation and Dumping
- Spring Release Locking Handle Keeps Hopper Secure in the Back Position
- Safety Restraint Chain Secures the Hopper to the Fork Truck
- Base Constructed of 7 Gauge Pockets and 4" x 4" x 3/16" Tubing
- Welded Solid for Maximum Durability
- Primer on the Inside and a Paint on the Outside Protects and Gives the Container an Attractive Finish

### Optional Accessories

- 6" Roller Bearing Swivel Casters with Grease Fittings (450 lb. Capacity Each)
- 10 Gauge Caster Plates with Flange for Strength
